

Bernina Gran Turismo 2018

Team Classification

Rules:

- 1) The two most regular heats of each Driver are taken into account.
--> for the "Competition" race the smallest time difference among the heats is taken into account.
--> for the "Regularity" race the smallest time difference including penalties with respect to the given time is taken into account
- 2) The results of the three most regular Drivers of the team are taken into account
- 3) To establish the total time of the team: the 3 smallest time differences are added together
- 4) A team with fewer than 3 Drivers having completed at least 2 heats will not be classified
- 5) The winning team is the team with the smallest cumulative total time difference.
